

DISTRICT MAYOR REACHES OUT TO FARMING COMMUNITIES

The Executive Mayor of Thabo Mofutsanyana District Municipality, Councillor Malefu Vilakazi, will be hosting the District Mayoral Imbizo on Sunday, 26 April 2015, at Lechabile Trust Farm outside Ladybrand in the Mantsopa Local Municipality from 10h00am.

This District Mayoral Imbizo forms part of the National Imbizo Focus Week and it is also in response to the request of the Free State Provincial Executive Council that municipalities embark on their own individual imbizo programmes.

The district municipality has decided to reach out to the farming communities as most of the time they feel neglected and left out by the government in most of its programmes.

The Executive Mayor will be accompanied by various government departments, that will also do presentations on programmes and services offered by respective departments.
