

INFRASTRUCTURE PROJECTS VISITED

Thabo Mofutsanyana District Municipality's Portfolio Committee for Infrastructure and Transport, accompanied by Members of the Mayoral Committee, recently undertook an inspection tour of projects in the district.

The tour was led by the Chairperson of the Portfolio Committee, Councillor Teboho Mkhwanazi, who is also a Member of the Mayoral Committee.

The projects visited were a road paving in Qholaqhwe, Qwaqwa in the Maluti-a-Phofung Local Municipality, road paving in Leratswana, Arlington, in Nketoana Local Municipality, as well as sewer outfall in Zamani, Memel, in Phumelela Local Municipality.

Road paving is still underway in Qholaqhwe, as well as sewer outfall construction in Zamani, Memel, whereas the road paving has been completed in Leratswana.

The projects have been implemented through labour intensive methods of construction and Expanded Public Works Programme model with local labourers benefitting from the project.

The entourage express satisfaction with the work done on the projects that were visited.

"This is an indication of our determination in delivering services to our communities in our local municipalities. We are very much pleased with the work done, and looking forward to the completion of the projects still underway," said Councillor Mkhwanazi.
